

## HORSE HILL 1

Surface Easting:	525254	Datum for MD:	RT		
Surface Northing:	143600		(f)	(m)	
Deviated:	Y	Elevation Datum:	219	66.9	
Original Depth Units:	feet	Elevation GL:	244	74.5	
Surface Formation:	Not specified

*The information given here is based on open file records available in the OGA well library and other public sources. All details are taken from interpretations made at the time the well was drilled and also from later re-evaluations and re-calculations. This information is provided for guidance only and UKOGL does not warrant its accuracy. Details are subject to ongoing revision. See the OGA website for details of formal release agents in order to obtain hard copy scans, digital data and reports for UK onshore wells.*
